

OLIVET BLUE MOUNTAIN CAMP

**We want you to have fun,
but Rules and Regulations are necessary....**

....for YOUR safety
....for the safety of others
....to protect our facilities
....to respect our neighbors
....to keep the fees at a reasonable rate

**These rules need to be shared with and
followed by everyone in your group.**

Olivet Blue Mountain Camp staff has the right of entry at any and all times. If any group or individual is found to be in violation of one or more of these rules, the management of the Olivet Blue Mountain Camp reserves the right to enforce said rules. Failure to abide by the rules or any damages to camp property or its equipment could result in an additional charge. Your signature on your contract is your formal agreement that you have read and agree to follow the rules and regulations in their entirety and to enforce them within your group.

**These rules are to be shared with and
followed by everyone in your group.**

- No firearms
- No fireworks
- No illegal substances
- No smoking in the buildings
- No pets (except for sensor impaired campers)
- No hunting
- No motorcycles...or off-road vehicles
- No open fires or open flames without specific permission
- No collecting or disturbing any animal, plant, rock, etc.
- No food outside designated areas
- No noise between 10:30 p.m. and 8:00 a.m.
- No more than 10 children to one adult
- No littering

In the Lodge.....

- **No food outside of kitchen and dining room. Absolutely no food, including snacks upstairs!**

We are working hard to keep bugs, rodents, and other animals from wanting to be in the lodge. Please help us by not having food in non-designated areas.

- **Secure all food.**
Any food, including garbage left outside the lodge is subject to bears and raccoons. **No food is to be kept in the cabins!!**
- **Trash and garbage disposal are your responsibility.**
Place all garbage and trash in the dumpster....all recyclables at garage.
- **Please limit the use of water.**
There is limited hot water and our disposal system is very limited. Please practice water conservation.
- **Do not move beds or mattresses!!**
Beds have been set up in the lodge and cabins to provide maximum safety, space, and to maintain clear pathways in case of an emergency.
- **Do not block open fire doors!!**
These doors MUST stay closed at all times. For your safety these doors keep the stair towers free from fire. If left open they "feed" any fire with rising air.
- **Furniture must be put back as found.**
Any and all furniture on the first floor of the lodge must be put back in its original position. This includes meeting rooms and dining hall.
- **Please treat the lodge and its furnishings with respect.**
In order for the next group to have a pleasant experience...and to keep your fees down for your next visit, we need your help.
